I prefer to speak to someone, but Patches allows me to report everything and someone usually gets back. But

Easy to communicate in your own time

Neutral response

Quick to respond and helpful

The other Nurse was less friendly and I was expecting the appointment was going to be with Mackella.

Because I am satisfied

Couldn't book appointment or a call back from doctor had to go through patches which is very long winded Hillingdon Health Centre usually give a good service and I feel valued as a patient

Because I don't like patches I rather talk to someone on phone

I dont use it often.

You very rarely can get an appointment to see the GP face to face

Don't get appointment to see doctor. Doctor request you to travel to Hayes to see them. Although I am regist More options are needed or a response time.

It is always better to physically speak to someone as automated does not capture the whole picture. Poor

Can't put in a request out of hours.

I am not sure how to use the system and not sure if the GP will call me back

Dislike Patches as method of booking an appointment

Frustrating

Very unhelpful receptionist and specialist nurse

Unable to speak to someone if you call - reception staff are new & all they say is use patches & so not underst Patches messages are very confusing, they do not appear to have any specific meaning.

I don't understand why you can't just book a blood test anymore - receptionist at surgery giving out incorrect I don't like patches, it's impersonal and thinks I'm asking about other things not relevant

Should be easier to see a nurse t for vaccinations

Patches is a waste of time. Far easier to call someone.

Telehone answering too long.

I have no idea what is happening or will happen at this time of asking due to having to use this awful way to c You cannot add anything because it's closed. What's the point!

Completely disinterested staff and system difficult to use

Phone up to ask two questions. After one and being redirected to patches the receptionist spoke over me and Receptionists forget why and where their work eveytime I've spoken to them. It's like talking to a child at most
